

# Accelerated Cure Project: Research Dissemination Partnership

Amplify your research and connect with those who need it most.

## Why Partner with Accelerated Cure Project?

**Accelerated Cure Project (ACP) bridges the gap between scientific discovery and practical application.**

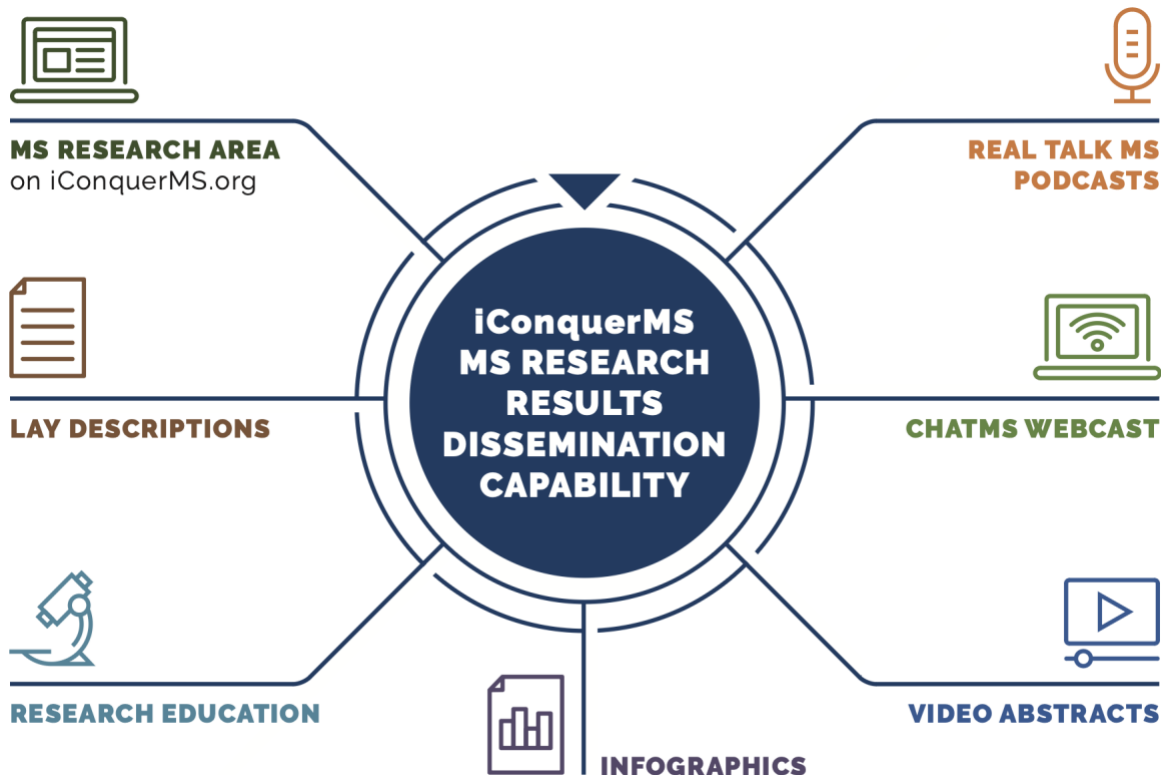

Our tailored dissemination strategies connect people affected by MS (PabMS), researchers, clinicians, patients, and policymakers—making research results accessible, understandable, and actionable.

- **Inclusive & Engaging** – Our multi-media approach delivers research in formats suited to all expertise levels, time commitments (short- and long-form), and learning preferences.
- **Proven Expertise** – We provide essential context and foundational knowledge about research methods, translating complex scientific findings into clear, user-friendly content.
- **Comprehensive Approach** – We ensure all stakeholders can access, interpret, and apply MS research effectively.
- **Community-Driven** – We work directly with PabMS, researchers, care partners, and clinicians to deliver meaningful insights.
- **Real-World Impact** – Research findings become practical tools that improve care, inform decision-making, and enhance quality of life.
- **Commitment to Equity** – We amplify diverse voices and ensure underrepresented communities are included.

Let's transform research into action — together.
